Topics Discussed:

In this meeting we continued our discussion about the diagrams. This week we have to start working on structural diagrams, so most likely we will start with class diagram and objective diagrams.

Decision Made:

After the discussion we decided to continue our work on the structural diagrams. Except working on new diagrams, we also have to rework some of other diagrams and we are going to take a look and consulting with last year projects. The structural diagrams ask for a better collaboration among the group.

Tasks Assigned

- First we are going to work on class diagram.
- Then working on objective diagram.
- We have to review sequence diagram and collaboration as previous work, so we can work on the new diagrams.
